Revival In Canal Point Is Drawing Interested Crowds

Preaching the Gospel to a full church every evening, Rev. Edward S. Doherty of Feaster Memorial Church in Miami has given a great spiritual lift to the congregations at the Canal Point Methodist Church. Great has been the power felt and witnessed in this special week of Revival Services and many who have been present at every meeting have been stirred deeply by the warmth of his messages. It is the prayer of the pastors that the Word of God will go out and reach into the hearts of those who do not know Him through these services and that the fire of Pentecost may burn in our souls as we share this great experience with a beloved man of God.

Services are held each night, Monday through Friday, at 8 p. m. with a brief service of prayer in the parsonage preceding each service. On Sunday the morning service at 11 o'clock will be followed by dinner on the grounds. Each family is asked to bring its Sunday dinner to the church grounds as well as eating utensils. We will all share the food and rich fellowship of such an hour. The Woman's Society will furnish coffee. Join us in a happy hour of Christian experience.

The Evening Worship Service at 7:30 will bring to a climax this short week of soul-searching and prayerful work. The effects of Bro. Doherty's service in Canal Point and the blessing and presence of the Holy spirit will not be forgotten.

Candidate Takes Wife; Makes News

MIAMI BEACH—Bernarr Macfadden, candidate for Governor, timed his marriage to Jonnie Lee of New York just right to crash front pages of state papers a week before the election.

Pictures of Macfadden dancing with his bride at Miami Beach were released by the Associated Press and most daily papers featured the picture in their Sunday issues this week.

Although discounted by observers and pollsters, Macfadden knows how to win votes and influence voters. He has drawn larger crowds to his rallies than have most other candidates and can be counted on to poll a good vote.

CREWS THINKS HE IS HIGH IN STATE RACE

JACKSONVILLE — P. Guy Crews, Jacksonville attorney, member of the legislature and candidate for the office of Attorney General of Florida, checked reports from all over the state this weekend and predicted he would be high man when the votes were counted following the May 4 election.

Crews, a hard campaigner, has personally covered every county in the state and counts on the support of strong political connections to put him over the top. "I have never been defeated in a political race and I don't expect to be this time," he said.

A strike of 750 workers at the big International Minerals & Chemical Corporation at Mulberry was averted recently when union members and phosphate company officials on a wage schedule.

NATIONAL GUARD

MACON, GA. — Plans for the Summer encampment of the 48th Infantry Division, Georgia-Florida National Guard, were made at a conference of staff officers with Major General Henry D. Russell, Commander. The division will train at Fort Jackson, S. C., July 18-31. Present at the conference were the assistant division commander, Brig. Gen. Joseph C. Hutchison, of Sanford, and his staff, along with regimental and battalion commanders from both states.

Still Looking For Meatier Chicken

JACKSONVILLE — Florida's poultrymen are continuing their search for a superior meat-type chicken with a 1948 Chicken-of-Tomorrow contest, which started March 29.

The new contest follows up the splendid progress made by Florida Poultrymen in their 1946 and 1947 contests, sponsored by A & P Food Stores, when they competed for awards of \$7,000 against outstanding breeders throughout the country.

This year's contest, as outlined by State Chairman N. R. Mehrhof, will run for 12 weeks. On June 23 competing flocks will be sent to a central dressing plant. Birds will be judged for hatchability, mortality, feathering, feed consumption, rate of growth and body conformation.

Speaking at the Variety International Convention in Miami last week, Harold E. Stassen stated that there were "many indications of rising Republican strength in the South, especially among leaders in business and education."

Cinematic Chatter

By Malcolm Millar

I had the pleasure of sitting through the latest "Bogey-Becall" dramatic offering recently, and so I do not hesitate to recommend "Dark Passage" to you, and advise that you mark down in your little black book of entertainment that it will be at the Prince Theatre, Pahokee, Sunday-Monday, May 2-3.

In the cast with Humphrey Bogart and Lauren Bacall are Bruce Bennett, Angas Moorehead, Tom D'Andrea and other well known players, all of them doing a fine job in support of "Bogey" and Laura.

The story is a murder story. It is the tale of a man who is continually running away from some thing. . . A man who is trying to prove he was not a killer. . . A man who is never really successful, but who finds true happiness when he meets "the girl", and they team together for the balance of their lives.

I am sure you will find this one of the most entertaining pieces you have sat through and urge that you see it.

See you at the movies—Mal.

Sutor Is Pleased With His Prospects

In bringing to a close a vigorous campaign for county superintendent of public instruction this week-end that has carried him to every nook and cranny of the county from Browns Farm to Jupiter Inlet, Jack Sutor declared, "My chances look very good."

He continued, "I have received splendid support and the public reception has been most gratifying. I have seen everyone it was humanly possible to see. And if I have overlooked anyone it is simply because it was physically impossible for one man to cover so much ground."

In his final statement, the educator and editor, ran over his qualifications for the office of superintendent of public instruction.

He cited his training which in-

cludes a Master's degree from Duke University. He also called attention to his ten years of teaching in Florida schools. Half of that time he taught at Palm Beach High School.

From where I sit... by Joe Marsh

Sam's Hens Wear Spectacles!

Yes, it's a fact! Sam's brood of two dozen hens are wearing spectacles—which he bought from a mail-order house in Capitol City.

Sam says it works (and big poultry raisers say so, too). The hens see each other through soft colored glasses, and instead of fighting and picking at each other, they go around placidly, gain weight, and lay more eggs.

Makes me almost wish we could have rose-colored glasses for human beings, too. So that instead of quarreling and criticizing, like we

do so much of the time, we'd live and let live in contentment.

From where I sit, the human race wastes a powerful lot of time in wrangling over minor issues... whether a man should drink beer or cider... whether a woman should wear slacks or skirts... Instead of seeing each other through "spectacles" of tolerance that enable us to live-and-let-live like Sam's brood of chickens.

What has happened to the society of this day that it can dismiss the burdens of life without the shedding of the tear, especially as concerning the welfare of the soul? Yes, Nehemiah wept. Junior Girls In Unusual Service

The Coronation Service of the Junior Girls Auxiliary, of the First Baptist Church of Pahokee, held Sunday night was a very impressive and beautiful one. Y. W. A. girls were ushers. The service was candlelight; an altar centered with the open Bible above which hung

a picture of Christ lighted with burning tapers was a feature of the service.

The Queens, Stella Sue Barnes and Carol Carpenter, and their attendants were on an elevated platform banked with fern, Easter Lilies, palms, and candleabra. Above the throne chairs were silver letters "Shining Stars" that were illuminated by a lighter star, which is the name of the Auxiliary.

The colors green and gold and white were carried out with the flowers and candles.

Mrs. Ralph Grimes, Girls Auxiliary Counselor, was in charge of the Coronation Service. The Page boys table was decorated with spring flowers carrying out the G. A. colors. The plates and napkins were white with a green border and gold monogram "Jr. G. A.". Green and gold and white sandwiches — some filled with chicken salad and some with creamed cheese were served. Two kinds of cookies and pastel colored candies and green and gold punch were served also. The Intermediate Girls Auxiliary served behind the table.

Sunday School Is Over Its Set Goal

Well over its goal of an average attendance of 125, the Canal Point Methodist Sunday School swings into the second and probably last month of its fine Class Contest with the Junior Boys' Class, taught by Mary Helen Hooks, still out in first place but closely followed by Bill Johnson's Young People's Class which swept over all other opposition with 19 present last Sunday. Tied and battling for third place are the Men's Bible Class and the Junior Girls.

Attendance last Sunday was 131, two short of the week previous, due largely to the absence of many of our Primary children. We hope to go over the top next Sunday, setting a new all-time record. Only four times in the history of Canal Point Methodism has our Sunday School had more than 130: Easter, 1947 with 134; Easter 1948 with 135; two weeks ago and last week with 133 and 131.

Church Budget Is Fully Underwritten

The Loyalty Dinners this week at the First Methodist Church were an outstanding success, the Rev. C. T. Howes said yesterday. The dinners were well attended and accomplished their twin goals of fellowship and finance. When the members who were unable to attend are heard from, the budget of the church will be completely underwritten. This is the first time in the history of the church the budget has been subscribed prior to the beginning of the fiscal year, May 1.

The Tuesday night group under the leadership of Commander Jack Spencer underwrote a slightly larger amount than their Wednesday night rivals under Commander Marshall Lair. However there

are several yet to be heard from and this may change things completely.

Appreciation was expressed to all those making the dinners possible and to all those attending, and to Rev. L. F. Vanderwater of Belle Glade for his fine and deeply practical and spiritual message. It is expected that the Loyalty Dinners will now become an annual affair. Complete reports of the weeks activities will be given next Sunday in the Bulletin.

Next Sunday at the Morning hour of worship the congregation of the First Methodist Church will observe the Sacrament of the Holy Communion with the Pastor bringing the communion meditation "Abiding in Christ". The Evening Hour will feature the Youth Choir under the direction of Mr. R. O. Lampi, with the Pastor bringing the message using the Theme "Fishers of Men."

The Sunday School last Sunday witnessed another large attendance in every department and it is confidently expected that next Sunday and Mother's Day will witness two of the largest attendances in the history of the church. Every boy and girl, every man and woman, every young man and young woman, not affiliated with any

Sunday School will find a most cordial welcome.

"Come and be thou with us and we will do Thee good."

OES MEETING

Members of the Pahokee OES are cordially invited to attend a dinner in honor of Mrs. Emma Saunders, assistant grand conductress, at Fort Pierce on May 8. Those desiring to make the trip should get in touch with Mrs. John A. Dulany in Pahokee.

Coral Gables Man To Study Diplomacy

CORAL GABLES — Edwin R. Colligan, Coral Gables resident for the past three years, has been selected by the State Department for training as a United States diplomat.

When he received the appointment, Colligan was a student at Riddle Inter-American College specializing in political science. He is now enrolled in the Foreign Service School in Washington.

He was formerly an Eastern Airlines pilot stationed in Miami. During the war he served as a captain in the American Air Forces, having had prior service with the RAF. He came to Miami from Port Henry, New York.

An underwater movie short entitled "An Underwater Playground" has just been completed at Weekiwahee Springs and will be shown at theatres throughout the nation.

HEAVY SHIPMENTS

JACKSONVILLE — Florida State Markets report heavy shipments last week. Tomato shipments reached heavy volume at several of the production centers. Fort Pierce reported handling 40,000 crates and Wauchula moving 8024 in a single day, according to reports to Florida State Markets.

Carlot shipments of eggplants continued during the week from the Gulf Coast and inland area served by the Fort Myers State Farmers' Market. Similar reports were made from other parts of the state. Plant City reported decidedly increased volume of shipments.

Consumption of rubber in the United States in 1948 is expected to be about 16 per cent below the figure for 1947, but 44 percent higher than in the peak pre-war year of 1940, John L. Collyer, president of the B. F. Goodrich Company, said in his report to stockholders.

Some Men Spend Years Running For The Governor's Office

Other men spend a lifetime in building,
Building successful businesses,
Helping their state to grow and prosper,
Which man do we want for Governor—
A man who spends years in running,
Or a man who spends years in planning and building!

Senator W. A. (Bill) SHANDS

The successful planner,
The successful builder
Can be trusted to keep his
pledge and promises,
He has DEMONSTRATED
and PROVED his
character.

There is no substitute
for proof.
There is no substitute
for truth.
Performance is better
than promises.

Bill Shands has been tried and
proven. He seeks your vote on
the basis of promises Kept
and Pledges fulfilled.

Elect a Builder,
Not a Runner.

Let's
**Join Hands
With Shands**
And Elect Him
**Florida's Next
Governor**
